## SCHOOL RREPORT

FOR SCHOOL YEAR 1904-'05.

Number of pupils attending school not less than two weeks 108. Boys, 62 ; girls, 46.

Eight schools have been maintained in town the past year. There were thirty-one weeks taught in Nos. 1, 2 and 3. Thirty weeks in No. 5, 6, and 7. Twenty-nine weeks in No. 4, and twenty-six in No. 8. The last two closing because of the inability of the children to attend.

The attendance in some of the schools has not been what it should be. It is impossible for any teacher to accomplish much with a scholar who is irregular in attendance.

The pupils of No. 6 have the best record of attendance, half of the whole number registered having a perfect attendance for the year.

The No. 5 pupils also have a very good record ; all absences recorded having sickness as an excuse, which is unavoidable.

We find the best work accomplished in the schools where the parents make frequent visits. Visit your school and see for yourself what work the teacher is trying to accomplish, and give your hearty co-operation, and in that way only can our schools be brought to a high standard.

Owing to unavoidable circumstances, some of the repairs have not been attended to, but shall hope to attend to them before the opening of the spring term.

Respectfully submitted to the citizens of the town of Auburn by the School Board,

GEORGE E. SPOFFORD,  
CORA C. EMERY,  
ELLA F. BROWN.
